

**A SMART SHOE
THAT RETAINS ITS
SMART STYLE**

How often have you voiced a regret that new shoes, at first so shapely and trim-fitting, too soon lose their smart-looking lines.

Let us show you the Red Cross Shoe—the shoe that retains evidence of its smart style and dainty charm as long as you wear it.

Because the Red Cross Shoe is MADE TO FIT THE FOOT IN ACTION, its beauty is permanent—and it is just as comfortable as it is lastingly beautiful.

The Sable, a black kid, two-strap Pump, pictured here, will delight the woman who desires an artistically designed shoe.

Come in; try it on. If you are seeking a shoe that assures perfect comfort from the first, and perfect style to the last, your quest is over.

Labor Plan Proposed by Penn. Railroad

Philadelphia, May 20.—A plan for employees' representation to include all branches of the system, similar to the joint reviewing committee established some time ago for men in the engine and train service, was announced tonight by General W. W. Atterbury, vice president in charge of operation of the Pennsylvania railroad.

The immediate purpose of the plan is the election of representatives to negotiate new rules and working conditions under the recent decision of the federal railroad labor board, which terminates the present national agreements July 1.

General Atterbury's statement to the employees quotes certain principles laid down by the labor board and adds:

"The railroads are asked to confer with representatives of the different classes of employees, with the view to establishing proper rules and regulations. This is precisely what the management of the Pennsylvania railroad has desired.

"The employees have the right to select their representatives from among their own number.

"Detailed conditions designed solely to secure an accurate expression of the desire of the employees, under which representatives will be chosen, will be announced later.

"The men thus selected will be recognized by the management as empowered to speak for the men by whom they are chosen.

"The representatives chosen by the employees may or may not be union men, as the employees themselves decide.

"As soon as the representatives are elected, the officers will seek a conference with them, in order to negotiate rules and regulations.

"The representatives so chosen will be protected in their position no matter what may be their attitude with reference to the provisions of such rules and regulations. They will be provided with the necessary transportation and the company will reimburse them for time lost and for reasonable expenses while on this service.

"The above applies to a union man as well as to a non-union man.

"While the immediate emergency to be covered is the preparation of mutually satisfactory rules and regulations, it is the hope of the management that the men thus chosen as representatives may serve as the nucleus of committees which shall frequently confer with the officers on all matters, not only affecting their welfare, but also the welfare of the railroad and of the public."

The proposed plan will not affect the joint reviewing committee by which all controversial questions involving train and engine service employees are now settled, it was announced.

Freed From Torture

Eatonic Cleared His Up-Set Stomach

"The people who have seen me suffer tortures from neuralgia brought on by an up-set stomach now see me perfectly sound and well—absolutely due to Eatonic," writes R. Long.

Prof. R. Long's experience, keep your stomach in healthy condition, fresh and cool, and avoid the ailments that come from an acid condition. Eatonic brings relief by taking up and carrying out the excess acidity and gases—does it quickly. Take an Eatonic after eating and see how wonderfully it helps you. Big box costs only a trifle with your druggist's guarantee.

WAMREGAN

Twilight baseball in this village is proving a success so far. The attendance is large and enthusiasm is at the top notch.

The league is comprised of local men, representing the different departments of the mill. The first game played was on Tuesday, May 19, between the Spinning and Weaving departments, and resulted in a victory for the Spinners, 12 to 6.

Thursday evening the Carding and Mule Spinning departments contested and the Mule Spinning department won. The result was in favor of the Mule Spinning, 4 to 2.

Tuesday the Frame Spinning with the Mule Spinning departments (the victory of the Mule Spinning) clashed and furnished the fans a very interesting game, the kind which caused each fan to keep guessing.

The result was a victory for the Frame Spinning, 4 to 3. Some heavy hitting has been done in all three games and some clever fielding as well. One of the best drives made since the grounds were made some years ago was a home run by Desmet in the first game. He got another clout Tuesday for three sacks.

The grounds have been put in shape for baseball and more interesting games are being played.

CONVINCING PROOF

That Lydia E. Pinkham's Vegetable Compound Has Extraordinary Curative Power in Cases of Woman's Ailments.

Columbus, O.—"I suffered very much pain during my periods and felt weak and all run down. I tried many remedies and the doctor said I would have to have an operation. Then before my baby was born I had terrible pains in my sides. I took Lydia E. Pinkham's Vegetable Compound and it helped me wonderfully. I have had two children since I began taking your medicine and did all of my own work including washing. You may use this letter as a testimony if you wish."—Mrs. THOMAS L. CHRISTY, 704 West Mound St., Columbus, Ohio.

Such a condition as Mrs. Christy was in points directly to a deranged condition of a woman's system, and by following her example taking Lydia E. Pinkham's Vegetable Compound, women may be relieved from such ailments and be restored to normal health and strength just as she was.

If there is anything about your condition you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health.

The Chevrolet Model "Four-Ninety" possesses all the necessary qualifications and ability to satisfy those who, although desiring to spend a limited amount of money for a car, wish to possess an automobile having sufficient power and all round capabilities to do all that can be expected of any motor car. That this model meets the requirements is evidenced by its ever-growing popularity. More than half a million Chevrolets are in use today.

Clever phrases do not make serviceable automobiles. Beautiful pictures do not always make good looking cars. The Chevrolet claims good looks for the bodies and mechanical efficiency for the chassis, but these claims we want you to confirm by such examinations and tests as shall be satisfactory to you. To us, this seems the fairest way of presenting a product to you.

WE HAVE ONE CHEVROLET OWNER WHO HAS DRIVEN HIS CAR MORE THAN 60,000 MILES AND ALWAYS HAS HAD THE BEST OF SERVICE.

This is a matchless record of service and one that should appeal to your judgment in selecting a moderate priced car.
